CAREER OBJECTIVE

Motivated and detail-oriented final-year Information Science and Engineering student with strong foundations in programming. Seeking an entry-level Software Engineer role where I can apply my technical knowledge, problem-solving abilities, and passion for software development to contribute to innovative projects while continuously learning and growing in a professional environment.

EDUCATION

Bachelor of Engineering (B.E.) – Information Science and Engineering

Vidya Vikas Institute of Engineering and Technology | CGPA: 8.5

PUC (12th): 91% – Government Girls PU College, Krishnarajanagar, Mysore District

SSLC (10th): 93% – St. Joseph Higher Primary School, Krishnarajanagar, Mysore District

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, MySQL, HTML

Core Concepts: Data Structures and Algorithms, Operating Systems, Computer Networks, Cyber Security, DBMS

PROJECTS

- Parts of Speech Tagging for Kannada Proverbs:

Developed an NLP-based system to identify grammatical components in Kannada proverbs.

Applied linguistic rules and machine learning concepts for accurate tagging.

- Library Management System:

Designed a system to manage books, users, issue and return operations.

Improved data organization and reduced manual record errors.

- Online Food Delivery System:

Built a web-based application for restaurant listing, order placement, and user management.

Implemented backend logic for order tracking and database storage.

- AI Powered Movie Recommendation System:

Developed a recommendation system using machine learning techniques.

Suggested movies based on user preferences and interaction history.

CERTIFICATIONS

Java Servlets Fundamentals – Server-side programming, HTTP request handling.

Multithreading in Java – Thread lifecycle, synchronization, concurrency concepts.

C Programming 101 – Strong foundation in procedural programming and logic building.

MongoDB Querying – NoSQL database operations, querying, and data modeling.

Electronic Circuits and Number System – Digital logic, number systems, and basic electronics.

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
